## LEISTUNGSÜBERSICHT

**Impregnation plants**  
*Imprägnieranlagen*

**VPI - Vacuum pressure impregnation plants**  
*VPI - Vakuum-Druck-Imprägnieranlagen*

**Mixing- and metering systems**  
*Misch-Vergieß- und Dosieranlagen*

**Current UV / Current heating impregnation**  
*Strom-UV / Strom-Wärme Imprägnieren*

**Vacuum-drying systems**  
*Vakuum-Trocknungstechnik*

**Your demands supplied from one source - world-wide**  
*Ihr Komplett-System-Lieferant - weltweit*

## IMPREGNATION SYSTEMS

System solutions for all known impregnation-procedures (dipping, trickle, roll-dip, etc.) for different applications in electronics, electric machines, metal-cast-parts, carbon-, composite-materials-, paper- and wood-industries. Manual or fully automatic operation – always individual, always customized.
